Required when replacing cylindrical lock bodies or exit trim motors on Corbin Russwin Access 700 (TCPW11 or TCPIP1) products purchased before December 2013.

Insert two terminated leads* from DPS harness into positions 9 and 10 of Hirose connector of cylindrical lock body harness OR exit trim motor harness.

* Either lead can be inserted into either position (9 or 10) of the Hirose connector. Swapping positions DOES NOT affect functionality.
